Glen Allen

As I have not seen any news in The Press from Glen Allen for some time, I thought I would try to let you know that we are still on the map and getting along nicely and doing our part toward helping win the war.

Health is fairly good.

We understand two of our boys, Charley Baker and Hubert Ossig, will leave for training camp this week with a number of others.

The St. Francois Baptist association met with the Glen Allen Baptist church Thursday and everyone seemed to enjoy the work and especially the sermons delivered by Drs. Smoot and Riggs, Revs. W. A. Davault, Johnson and Abernathy. The latter gentleman was called as pastor of the Glen Allen church.

Our school opened Monday with Miss Clark as principal and Miss Bessie Clingensmith as assistant.

Rev. Otto Priddy enrolled in Will Mayfield College Monday.

We are having plenty of rain now and we can hardly adjust ourselves to the change after so much dry weather.

Dr. Stammer was called to see Mrs. DeHoog Monday evening.

Dr. C. B. Farrar of Lutesville is visiting some patients in this locality occasionally.

Newton Beal of Castor was shopping in our town Monday.

C. A. Shetley passed thru here Tuesday on the way to Lutesville with a load of wheat.

Judge O. R. Kirkpatrick is now cashier of our bank.

Well, as this is my first attempt at news gathering, I will quit before I fill the paper up. Will try to increase my number of items next time.

A Reader.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Poplar Bluff Citizen-Democrat.

C. A. Yow, formerly a resident of this city, and well-known, was found Wednesday morning beneath an iron bridge on the Missouri Pacific railroad, six miles south of Perkins, with his head and one arm cut off. The discovery was made by Conductor Ragdale, in charge of a work extra. The report was received by the local division office this morning. Yow, who was a brakeman, working between Illinois and Paragould, was in the employ of the Wells-Fargo Express company for a time, when in this city, and was well-known in the business district. Until a short while ago the family resided at 321 Relief street, but lately moved to Paragould. The remains arrived here this afternoon and were interred in the Marble Hill cemetery. It is supposed that deceased lost his footing on the train in some way and was mangled between the cars, falling to the place where he was found several hours later.

Indiana Lady Describes Condition, Which She Says Was Due To Constipation and Tells of Relief Obtained From Black-Draught.

Scottsburg, Ind.—Mrs. Annie Johnson, of this place, writes: "I well remember I suffered for a long time with constipation, which would get me down. I took doctors' medicines and any number of purgatives. They would leave me in a worse condition than I was before using, and my stomach so upset. I knew once I suffered from constipation, I was so ill we had to have the doctor, just so nervous and feverish. The doctor said I would have to quit medicines, my stomach was so bad."

My husband was reading and found something about Theodor's Black-Draught and brought me a package to try. I used it regularly at first until I began to feel better, then I used just a dose occasionally. I was cured of my constipation and am sure the Black-Draught did it."

If your stomach is out of order, you will suffer from such disagreeable symptoms as headache, biliousness, indigestion, etc., and unless something is done, serious trouble may result.

Theodor's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, non-poisonous, and acts in a prompt and natural way, helping to regulate the liver and to cleanse the bowels of impurities.

Opening of the Normal School at Cape Girardeau

The Normal school at Cape Girardeau opens September 2, 1918. The first term of sixteen weeks closes December 20, 1918. The second term of sixteen weeks beginning December 30, 1918 and ends April 18, 1919. The two terms constitute the regular school year. The spring or Summer term opens April 21 and closes August 8, 1918.

Military training for men will be given at the beginning of the fall term.

An officer of the United States Army will be detailed to have charge of this course. Students may enlist or not as they prefer. Six students and one member of the faculty were sent to Fort Sheridan, Illinois, July 18 to take sixty days training in camp under army officers. They will act as assistants to the army officer who will give the military training in the Normal School. Young college men eighteen years old or over will enjoy the very best advantages for military training in addition to their college work.

The Normal school offers the very best possible advantages for securing preparation for teaching along with a good college course.
